SHIELD

Sunón

## Sit, I Got Your Back

As we grow up, no matter how difficult life gets, mother always said: "Don't worry, we are always here for you." Shield wants you to feel this love in work as well. With a powerful shield shape, it is highly reliable to protect the health of your waist and back, offering you comfort and support to enhance working experience.

## Colors for Everyone

An office chair should be reliable and comfortable, what else? Colors! Shield chair is available in 9 colors. Bright colors are inspiring, which are favored by creative and marketing staff; cold colors are mature and stable, more suitable for administrative and financial staff.

## Lumbar Support, Artistic and Reliable

Inspired by the delicate lattice pattern African people draw on pottery, the lumbar support of Shield chair is designed with a diagonal lattice pattern to enhance stereoscopic vision. The lumbar support is narrower in the middle part with high-elastic material to sufficiently support your waist.

## Care Your Body Like A Shield

1/3 of your body weight is bore by the backrest when you sit down. Shield adopts PA+GF30 material with high mechanical strength to create the back frame. S-shaped curved back closely fits the curve of the back and waist, offering proper support to each body part. The widened base is suitable for international users of any body sizes.

## Your Assistant For Easy Communication

In the information era, it is necessary to create a flexible and convenient office environment. Shield chair is equipped with five-star base and universal casters to move you around to have easy touch with others. The comfortable sitting experience can keep you away from fatigue for a longer time.

The backrest can tilt for 16 degree, relax your back and waist.

Height of the armrest can be adjusted by 0-70mm, keep your elbow in proper height.

The lumbar support is optional, and can be assembled easily.

The five-star base and universal casters make it easy to move around.

## Broaden your vision to handle Any conference

Chairs with good performance help enhance efficiency in conferences. The base of Shield chair is height adjustable, opening your horizon to catch small details.

Standard

Lumbar support: optional

Armrest: optional

Back frame color: black & white

Base: metal base & nylon base

## Cost-Effective Option with High Performance

Shield chair makes careful evaluation of each material, and passes the BIFMA quality inspection test, ensuring excellent quality. It costs you only the price of a suit of clothes. Armrest, lumbar support, and chair base are optional to meet different requirements.
